

*Diane M.J.*

## Diane M.J.

**M**y name is Diane McCarter Johnson, and I am a married mother of four girls ages 20, 14, 10, 9. I also have one granddaughter. Currently I work as a nurse at Home Care Plus.

To pass the time, I like journaling, traveling, spending time with my family, and working in community outreach projects. I attend First Genesis Baptist Church and work in Heart to Heart Ministries to provide food and clothing to the poor. This is something I enjoy doing very much.

I was diagnosed in 2008 with breast cancer. After going through chemo, radiation, and several surgeries I have remained positive and have kept my faith in God.

When I was diagnosed I could not talk to my family about what was going on or how I felt. I found BCCR where I had a chance to bond with them like family. We shared stories, cried, always laughed, and received good information from each other. Thanks BCCR.
