## Sheila G.

**M**y lovely daughter Sheila was diagnosed with breast cancer on August 22nd 2012 – the devastation, we agree, was like a ton of bricks. As a result, we were in a fog-like state. We didn't really know where to go, or what to do. We knew we needed help. Turning to the Breast Cancer Coalition made such a difference – Holly and Jean were just wonderful. We received – hugs, love & support, as well as hope and direction. We were given the help we needed to walk through the fog. Thanks to you, Holly and Jean, as well as the Coalition for being there for us.
