

Breast Cancer Coalition *presents*

Clean, Green & Healthy.

Choosing Safer Products and Accessing Locally Sourced Healthy Foods

Wednesday, April 26, 2017 7:00 pm

Do you wonder about the risks of potentially harmful chemicals in the products you use? Are you concerned about toxins in common household goods? Are there ways to reduce exposure to toxic substances that may have a negative impact on the environment and our health?

Join us to learn how to identify and protect yourself and your family from potential health hazards found in products around your home.
