# The Breast Cancer Journey:

1951

1972

Present

*How Far We've Come*

**SPEAKER**

**Wednesday, May 24, 2017 7:00 pm**

**Kristin Skinner, MD**

*Surgical Oncologist  
URMC*

Medical advances have helped revolutionize our understanding of breast cancer. How did it all begin? How was breast cancer treated in the early nineteenth-century? How have medical practices and popular beliefs over the years helped shape breast cancer treatment today? Please join us for a fascinating look at breast cancer treatment through the ages.

**FREE!** *Come with questions... Leave with answers! No reservations required. Join us!*

**Seminar Location: Breast Cancer Coalition 1048 University Avenue • 585-473-8177 • [www.bccr.org](http://www.bccr.org)**
