

Healing Arts Guidelines for In-Person Programming

This is a safe, supportive, confidential environment for individuals living with Breast, Gynecologic, or Metastatic Cancer.

We ask that you:

1. Arrive on time. Late arrivals and leaving early are disruptive to fellow survivors. Consistently late participants will be wait-listed for future sessions.
2. Participants are required to provide their equipment.
3. Please respect the confidentiality of all participants.
4. In-Person programming is subject to change according to the Center for Disease Control and Monroe County Department of Health Directives.
